

Introducing our new

Six-Prism Line of Reflection

The Power of 6

Mathematically, six prisms is the number for absolute, 100% reflection coverage making our new Reflection products hotter, faster and more accurate targets for all rangefinders.

So, in keeping with our history of providing great product performance and value to our clients, we're upgrading our Reflection Line from five prisms to six prisms at no additional cost to you!

Smarty6 available in Red and Black
